

Mission Statement of Associates of the Sisters of the Holy Names of Jesus and Mary

SNJM Associates are women and men invited to live the charism and spirit of the foundress, Blessed-Marie-Rose Durocher. We are united in living the mission of the Sisters of the Holy Names of Jesus and Mary through our daily lives. We give witness to the SNJM core values of faith, education and service for the full development of the human person.

According to our gifts and circumstances in life:

- We participate in education to promote and respond to the justice issues of our times.
- We collaborate as Associates to welcome, advocate for, and serve people who are marginalized.
- We celebrate and support each other on our faith journey.
